Following the unprecedented growth of the company over the past years, the arrival of 2018 brings new beginnings and opportunities for Aphrodite Hills Holiday Residences, as the company finally has its own building, prominently situated in the heart of the Aphrodite Hills Resort.

With its completion in June 2018, the new building makes another successful project to add to the success milestones of the Holiday Residences, but it also ties in perfectly with the Golf Course renovations that were completed in January 2018 and the general upgrading of the Resort.

The prestigious new building, is not only expected to be a second home for the Aphrodite Hills Holiday Residences team but is also a welcoming home for our valuable guests and our owners alike. Its best feature is its luxury lounge and living area, with its cosy and tranquil atmosphere, earthy colours and tones, and soft lighting. The outdoor terrace offers views of the magnificent 18th Hole of the golf course and a typical clear blue sky in the Summer - perfect for one to relax and enjoy an afternoon coffee.
